Interiors in Blue

From the deep blues of the ocean to the soft blues of a clear summer sky, the color blue brings an element of the calm outdoors to your home. Whether complementing a bright orange or blending with different shades, see how blue affects rooms created by top-level designers. *Interiors in Blue* will inspire you to try the color blue in new and innovative ways in your home.

Each of the lush, beautiful books in the Interiors series presents a variety of rooms in the featured color. See how professional designers handle color in a room, whether it be full washes of rich color on the walls or intricate printed patterns in the upholstery. Each book includes examples of color in every room of the home—kitchens, bedrooms, living rooms—in every style—Country, Contemporary, and Victorian. Use these affordable volumes as references to make the most out of color in your home.
